

**Press Release by the Supreme State Council Regarding the Crime of Mass Murder and the Targeting of Migrant Shelter in Tajoura**

The Supreme State Council of the Government of National Accord condemns, in the strongest language, the heinous crime carried out by the Air Force loyal to war criminal Khalifa Haftar which targeted a shelter housing migrants which led to scores of fatalities and injuries. This cowardly act is tantamount to mass murder and war crimes, which will be added to the list of egregious violations against humanity carried out by this brutal aggressor.

The air strikes, which targeted the migrant shelter, were deliberate and not accidental. On the contrary, the strikes were result of direct precision targeting. Therefore, we call upon the United Nations mission in Libya to immediately condemn this barbaric act and to send a fact-finding committee to investigate and document its findings at the scene of the crime. We also call upon the international community through the African Union and the European Union and international organizations to take a clear and decisive position with respect to these continued violations and to stop this aggression immediately.

We would like to remind everybody that these acts of aggression reflect the defeat and bankruptcy of the aggressor after he has been dealt humiliating defeats in recent days. We will not stop fighting against this tyranny. We will continue to fight this aggression and defeat it.
